- 24 Dec** - Volleyball Competitions
- 25 Dec** - Christmas
- Dec 26** - Jan 11 - Winter Break

WELCOME TO THE PARENT-TEACHER CONFERENCE!

Parent-Teacher Conference: Purpose and Importance

The Parent-Teacher Conference is an important time for parents and teachers to meet and discuss each child's academic and behavioral progress. Its purpose is to strengthen communication, review performance, identify areas for support, and set goals that help students grow.

When parents and teachers work together, students feel encouraged and perform better. We kindly ask all parents to attend and take an active role in supporting their child's learning.

Message from the School President

Dear Parents and Guardians,

Welcome to our school community! I am honored to greet you as the president of our school and to have the opportunity to partner with you in supporting every student's growth and success.

This conference is a vital time to celebrate each child's achievements, identify opportunities for growth, and strengthen the collaborative relationship between home and school. Our dedicated teachers and staff are here to listen, share insights, and collaborate with you on concrete next steps that honor your child's strengths, interests, and unique learning journey.

Thank you for entrusting us with your child's education. I look forward to our continued collaboration and to the many successes ahead for our students.

With appreciation,
Zackaria Mohammed Aden
School President

Reading

Reading 30 Minutes Every Day & Reading Contest

Daily reading strengthens vocabulary, comprehension, and critical thinking skills. We encourage all students to read for at least 30 minutes every day at home. Regular reading helps students become confident learners in every subject, not just English.

To motivate students and make reading more enjoyable, we have introduced a Reading Contest across grade levels. Students will track their reading time and progress, and outstanding readers will be recognized for their effort and dedication.

Parents can support by creating a quiet reading space at home and discussing what their child has read.

Communication with parents

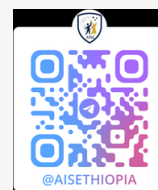

Communication with Parents

At AIS Ethiopia, we use several tools to keep parents informed and connected. General announcements are shared regularly through our Telegram channels, so we encourage all parents to join and follow the updates.

Important documents and official notifications are sent through school email, so please check your email frequently, including the spam folder.

The **E-Communication Book** is used by advisory/homeroom teachers to send daily messages, reminders, and notes. Parents should check it every day and respond promptly to teachers' comments or requests. The E-Communication Book also allows parents to view their child's daily attendance.

Staying connected through these platforms helps ensure smooth communication and better support for each student.

CHARACTER COUNTS

AIS Ethiopia follows the Character Counts Program, which focuses on developing positive values such as Respect, Responsibility, Fairness, Caring, Trustworthiness, and Citizenship. Students engage in activities and discussions that help them build strong character and positive behavior. We encourage parents to reinforce these values at home to support students' social and emotional growth.

AISE Bazaar

Our Senior students organized a vibrant Bazaar on November 20, 2025, filled with fun activities, games, and creative stalls. Here are some moments from the event!
